STRUCTURED NOTES

CAPTURE • ORGANIZE • UNDERSTAND • APPLY

Name: Emmanuel Rivas
Course / Subject: Fundamentos de Programación
Speaker / Class:
Date & Time: 11/05/26

KEYWORDS & KEY CONCEPTS

Focus on the key concepts that generate value and understanding.

ACTIONS / NEXT STEPS

Turn knowledge into action. Small steps, big results.

NOTES

Title: JSON
Topic: JavaScript Object Notation

Es un formato de texto sencillo para el intercambio de datos. Se trata de un subconjunto de la notación literal de objetos de JavaScript, aunque, debido a su amplia adopción como alternativa a XML, se considera un formato independiente

QUESTIONS & REFLECTIONS

What questions do I have? | What is unclear or confusing? | What ideas connect? | How can I apply this? | What assumptions should I challenge?

SUMMARY

Write a brief summary of the main points.

KEY TAKEAWAY

Capture the most important insight.
