

# STRUCTURED NOTES

CAPTURE • ORGANIZE • UNDERSTAND • APPLY

Name Emmanuel Rivas  
Course / Subject Fundamentos de Programación  
Speaker / Class \_\_\_\_\_  
Date & Time 9/15/26

## KEYWORDS & KEY CONCEPTS

- 
- 
- 
- 
- 
- 
- 
- 

Focus on the key concepts that generate value and understanding.

## ACTIONS / NEXT STEPS

- ☐
- ☐
- ☐
- ☐
- ☐

Turn knowledge into action.  
Small steps, big results.

## NOTES

Title: Operadores  
Topic: Operadores lógicos y Coma

Los operadores lógicos permiten formular condiciones complejas a partir de condiciones simples. Tienen 3 tipos: Conjunción (&&), Disyunción (||), y Negación (!)

La coma (,) utilizada como operador sirve para encadenar diferentes expresiones.

## QUESTIONS & REFLECTIONS

- 
- 
- 
- 
- 

What questions do I have?

What is unclear or confusing?

What ideas connect?

How can I apply this?

What assumptions should I challenge?

## SUMMARY

Write a brief summary of the main points.

- 
- 
- 

## KEY TAKEAWAY

Capture the most important insight.

- 
-
